

SCM PROGRAMS CAPABILITY CENTRE IN COLLABORATION WITH ASCP PRESENTS

Strategic Supply Chain Interactive Workshop

with Dr. Edward Sweeney on contemporary supply chain management discussing global mega challenges and strategic solutions.

20-minute **Insider Edges** from Anshuman Neil Basu, Executive Director at SCM Programs.

Workshop includes one-to-one discussion opportunities on future trends and opportunities with top c-suite corporate leaders.

Includes Breakfast, Lunch and Afternoon-Tea Networking breaks with participants and faculty.

Workshop takeaways:

- Prioritisation of key supply chain strategic challenges
- Development of a supply chain strategy diagnostic
- Identification of actionable short- and medium- term interventions to accelerate strategic supply chain capability development

DR. EDWARD SWEENEY

Edward Sweeney is Professor of Logistics & Supply Chain Management at Edinburgh Business School, Heriot-Watt University, and Deputy Executive Dean of the School of Social Sciences, with a distinguished career across leading universities and major international awards from CILT.

His research and industry work span global supply chains, sustainability, and circularity, supported by extensive collaboration with multinational companies and decades of professional engagement worldwide, including long-standing links with India.
